SEC. 51P-619.106.4. RESTRICTIONS ON USES IN SUBDISTRICT A.

(a) Pedestrian-oriented uses. Any use that is not a retail and personal service use, a financial institution without drive-in window, or a transportation use, and is located in a building in Subdistrict A is not permitted if, at the time of the request for a certificate of occupancy, less than 75 percent of the frontage of that building at street level (excluding docking and loading areas, driveways, exit ramps, and entrance ramps) is occupied by, or is made available exclusively for use by, retail and personal service uses, financial institution without drive-in window, and/or transportation uses that extend at least 50 feet into the building. The 50-foot measurement is made perpendicularly from the facade of the building having the frontage. For the purpose of this subsection, “frontage” means the length of property between property or lease boundary lines along one side of a street that is: (1) at least 35 feet wide; or (2) a closed street that has not been abandoned by the city.

(b) Special exception.

(1) The board may grant a special exception to reduce the minimum 75 percent requirement in Subsection (a) to no less than 50 percent upon making a special finding from the evidence presented that:

(A) strict compliance with the requirements of this section will unreasonably burden the use of the property;

- (B) the special exception will not adversely affect neighboring property; and
- (C) the proposed use will not discourage street level activity.

(2) In determining whether to grant a special exception under Paragraph (1), the board shall consider the following factors: the location of the site, and the extent to which existing or proposed amenities will compensate for the reduction of retail and personal service uses, financial institution without drive-in window, and/or permitted transportation uses in this subdistrict.

(3) The board may waive the filing fee for a special exception under Paragraph (1) when the board finds that payment of the fee would result in financial hardship to the applicant. The applicant may either pay the fee and request reimbursement as part of his appeal or request that the matter be placed on the board's miscellaneous docket for predetermination. If the matter is placed on the miscellaneous docket, the applicant may not file his appeal until the merits of the request for waiver have been determined by the board. (Ord. 24960)
