**EXHIBIT 462B**

**EXHIBIT C**

**APPROVED LIST OF PLANT MATERIALS**

This is a listing of plant materials that has been approved by the City's Park and Recreation Department for use in meeting the district's minimum landscaping requirements. The Director of Park and Recreation may approve another plant material as an alternative to one listed in this exhibit if the director determines that the proposed plant material is equivalent to and compatible with the plant material otherwise required by this exhibit. This listing is subject to periodic review and change by the Director of Park and Recreation.

May, 1993

Grasses

Bermuda Grass  
*Cynodon Dactylon*

suited for high pedestrian traffic  
must have full sun

St. Augustine Grass  
*Stenotaphrum secundatum*

tolerates shade

Fescue Grass  
*Festuca arundinacea*

cool season grass – stays green all winter  
dormant during summer months

Buffalograss  
*Buchloe dactyloides*

low maintenance and drought tolerant  
well suited to rough use landscapes
